

PRESS RELEASE

MILLION DOLLAR SETUP AT CES 2010

BROUGHT TOGETHER THROUGH UNIQUE BUSINESS PARTNERSHIP
BETWEEN PERFECT8, AUDIOSTONE, YPSILON AND ZENSATI.

LAS VEGAS (CES 2010, 7 - 10 January 2010, The Venetian, Room 29-318)

PERFECT8 Technologies of Sweden, www.perfect8.com, today announced it has teamed with AudioStone, www.audiostone.com, Ypsilon Electronics, www.ypsilonelectronics.com, and ZenSati, www.zensati.com, to form a unique partnership in the ultra luxury segment of high-end audio, presenting a complete audio solution for the modern luxury lifestyle with unprecedented visual appeal and performance.

WITH A LINE-UP OF AMAZING PRODUCTS AND A TOTAL OF FOUR EXCITING NEW INTRODUCTIONS TO THE US MARKET:

PERFECT8 THE FORCE loudspeaker is a grand engineering masterpiece in glass and gold that performs at the highest levels of musical reproduction. Consisting of over 1500 high quality and crafted parts, it takes over 200 hours to assemble.

First time in the US: PERFECT8 THE CUBE loudspeaker is a tiny wonder with an appealing design contradicting its stunning performance.

All PERFECT8 loudspeakers incorporate extraordinary technologies including the proprietary Super Silent Glass, an ideal material for the construction of the speaker baffle and frameworks from its unique properties of stiffness, damping, and mass.

PERFECT8 has received "Best sound in show" at CES for two consecutive years.

First time in the US: AudioStone Pythagoras ultimate vinyl turntable featuring the extraordinary Thales

Tonearm, Swiss watchmaker precision build matched with the stability of Norwegian bedrock, shaped and dampened to perfection. AudioStone Apeiron Racks crafted out of the Viking granite of Norway, provide for ultimate stability and totally vibration free damping carrying only pure, uncolored music.

First time in the US: Ypsilon Monoblock MkIII is the ultimate statement of high-end audio, created with a true passion for live music. The Ypsilon VPS-100 Valve Phone Stage and the MC16 Moving Coil Step-up Transformer, CDT-100 CD Transport, DAC-100 D/A Converter, and PST-100 Preamplifier all feature highest attainable resolution and crystal clear signal path, effortlessly surpassing the state of the art of tube and solid state design.

First time in the US: ZenSati super exclusive, world class audio cables using materials such as silver, gold, rhodium, teflon, and silk to produce cables notable for their remarkable speed and crystal clear signal transport.

TOTAL PRICING FOR THE CES 2010 SETUP IS 1 000 000 USD!

"We are proud to present this spectacular, unlimited Formula 1 line-up to the American public. Contrary to common belief, our application of glass produces crystal clear, uncolored sound completely liberated from cabinet vibrations, and without sacrificing full-bodied dynamics and an extensive soundstage."

Jonas Röntilä, CEO, PERFECT8

"Our dedicated experts will be present at CES to provide immersive and thrilling audio entertainment. There will be ample opportunity to service individual requests and special requirements for the most unique and demanding applications such as exclusive lounges, ultimate home theaters, or poolside."

Göran Rydqvist, VP Global Marketing, PERFECT8

"Our design team pride themselves in producing aesthetically pleasing speaker designs which excel in the extreme trials of true performance."

Kolja Wilimzik, VP Research & Development, PERFECT8
